

Psychological Protection: Why it's Important

Presence

Absence

Enhances team learning and improves performance

Increases feelings or experiences of demoralization

Greater job satisfaction

Increases feelings of being under threat

Enhances workers' involvement in health, safety and return-to-work

Increases sense of disengagement and strain

Improves morale and reduces stress-related illnesses

May increase legal risks for workplace parties

Reduces labour-management conflicts

Can impact public confidence in the organization

WORK SAFE. FOR LIFE.
