Working safely at home

Are you sitting comfortably?

This chair is just right!

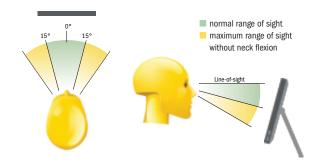

- · Lumbar support
- · Back rest
- · Arm rests
- · Adjustable
- · Proper seat pan depth
- Thighs parallel to floor, knees at 90°

Reach out to your manager or supervisor if you need ergonomic support to ensure your comfort and safety while working from home.

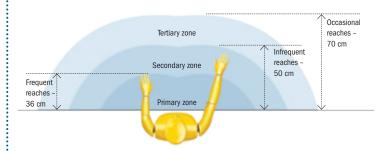

Keyboard, Mouse and Monitor Placement

- · Arms and hands rest at 90°
- · Top of monitor is at eye level

Workstation layout

- · Ensure there is adequate legroom under table or desk
- · Keep work materials within arm's reach
- · Don't twist or lift to access documents

Practice the 20-20-20 Rule: Every 20 minutes, take 20 seconds and look 20 feet away.

Stay connected

 Use virtual platforms to stay in touch with friends and family or to have a coffee break with a co-worker.

Take breaks

- · Check your posture
- · Stretch
- · Stay active
