

Joint Occupational Health and Safety Committees and Safety Representatives: A Discussion Guide

This resource accompanies the *JOHSC and Safety Representatives* slideshow.

What are some of the safety measures that an employer can work on with a JOHSC and/or with a safety representative?

A JOHSC member asks your advice on how the committee could improve their outreach to night shift workers. What are some ways you'd suggest?

A small business with 3 workers isn't required to have a JOHSC or a safety rep, but the owner wants everyone working together on safety. What are some ways this can be done?

The new safety rep at your workplace confides to you that they're not sure about how to get started. Along with encouraging them to talk to the employer, what else do you suggest?
